INTRODUCTION

Thank you very much for purchasing this Travel Aroma Cube “WS113”. This instruction manual contains useful information on appropriate use and maintenance of this product. In order to benefit from its features, read this manual before first use and save it for future reference.

IMPORTANT SAFETY INSTRUCTIONS

WHEN USING ELECTRICAL PRODUCTS, ESPECIALLY WHEN CHILDREN ARE PRESENT, BASIC SAFETY PRECAUTIONS SHOULD ALWAYS BE FOLLOWED, INCLUDING THE FOLLOWING:
Read all instructions before using this product.

DANGER

• Do not let water or any other liquid or flammable detergent enter the power jack to avoid electric shock and / or fire hazard.

• Do not clean the power jack with water or any other liquid or a (flammable) detergent to avoid electric shock and / or a fire hazard.

WARNING

This product is not intended for use by children or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the unit by a person responsible for their safety.
**PRECAUTIONS**

**DOs**
- Please use with cleaned tap water rather than distilled water.
- Remove dust regularly with a dry cloth. Accumulated dust poses a potential of fire hazard.
- Place the unit stably on a dry, level, water resistant surface with safe surroundings.
- Use the unit on a raised position with the mist directed to an open area for a more even mist distribution in the room.
- Children/pets should be supervised to ensure that they DO NOT play with the unit especially the parts.
- Use only a few drops of essential oil. DO NOT exceed the suggested amount.
- When disposing this product, ensure it is collected separately for special waste treatment.
- The contents of this manual may not be reproduced without the permission of the manufacturer.
- Empty and dry the water container before you carry the unit in your luggage.
- Use only with commercial light-weighted plastic bottle with its volume not larger than 750ml. Do not use bottles made of heavy material as the unit will become easy to fall over.

**NOTE** It is normal if the unit gets warm during operation.

**DON’Ts**
- DO NOT add any substance (including essential oil) directly to the water tank or to the water as an additive. Unintended ingredients can clog the system and damage the unit.
• DO NOT tamper with the unit’s internal components. This invalidates the warranty.
• DO NOT subject the unit to excessive force, shock, dust, temperature or humidity.
• DO NOT cover the unit with anything such as newspaper, curtains or etc when operating.
• DO NOT direct the mist to any electrical appliance, furniture, plant, paint or heat source.
• DO NOT inhale mist directly from the mist outlet.
• DO NOT clean or touch the diffusing plate during operation.
• DO NOT obstruct the air inlet or air outlet of the unit.
• DO NOT use the water if it has been drinking from directly.
• DO NOT place the unit directly on the floor, the floor surface may be caused damage if mist comes in contact with the floor prior to evaporating for a period.
• DO NOT fill the water container from the aroma diffusing outlet or directly from the faucet.
• DO NOT use in humid locations.
• DO NOT fill the water container more than the maximum mark indicates.
• DO NOT immerse the unit in water. If you spill any liquid on it, dry it immediately with a soft, lint-free cloth.
• DO NOT clean the unit with abrasive or corrosive materials.
• DO NOT use bottles with its volume larger than 750ml. The unit will fall over if used with oversized bottles.
• DO NOT drink or reuse the remnant in the water tank or in the bottle.
1. Unit cap
2. Water container
3. Power touch sensor
4. USB Power jack
5. USB Power jack cover
BOTTOM VIEW

6. Aroma diffusing outlet
7. Unit stand

FEATURES

- Safe ultrasonic diffusing technology
- Sleep timer for high or low diffusion
- Water level sensor for auto switch-off when water runs out
- Modern design touch-key on/off switch
- Blue LED ambient light
- Comes with a travel pouch
- USB powered
GETTING STARTED

1. Pull and turn to setup the unit stand as illustrated below.

2. Connect the unit to a mains power supply or to any usb device.

3. Fill the water container with distilled water up to the MAX mark and then add a few drops of essential oil into the water container.
4. Return the unit cap securely to the unit. The unit is now ready for operation.

**UNIT OPERATION**

Press on the On / Off button to toggle through:

- High diffusing
- Low diffusing

Long press for 1.5 second to turn on/off the unit:
CARE AND MAINTENANCE

• Always unplug the unit before cleaning.
• Do not immerse the unit or the power dock in any liquid or let any (flammable) detergent enters the units to avoid electric shock and / or fire hazard.
• Clean the units regularly with a dry soft cloth to prevent accumulating dust.
• Clean the diffusing plate regularly with the brush provided in the package.
• Clean the aroma sponge regularly by dripping warm water onto it.
• If the unit has not been used for a long time, clean the sponge before use.
• Do not let water or any other liquid or flammable detergent enter the opening to the fan.
• Pour away remnant before storing or transporting the unit.

EU-DECLARATION OF CONFORMITY

Hereby, Oregon Scientific, declares that this Travel Aroma Cube (model: WS113) is in compliance with EMC directive 2004 / 108 / EC.

A copy of the signed and dated Declaration of Conformity is available on request via our Oregon Scientific Customer Service.

FCC STATEMENT

This device complies with Part 18 and Part 15 of the FCC Rules Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

WARNING Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

NOTE This equipment has been tested and found to comply with the limits for a Class B digital device and ISM equipment, pursuant to Part 15 and Part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential
installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.
• Increase the separation between the equipment and receiver.
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
• Consult the dealer or an experienced radio / TV technician for help.
